Metropolitan State University

690 E. 7th Street, St. Paul

2nd Tuesdays: 2:00 p.m.

2021 Fresh Produce Distribution

Neighborhood House provides the only year round free farmers' markets in Saint Paul distributing up to 15,000 pounds of fresh fruits, vegetables and other vital food items. Each event directly places produce into the hands of families and individuals in areas with little to no access to healthy food improving the health and wellbeing of those most in need in our community.

The Need:

Food insecurity (not having reliable access to enough and/or healthy food to lead an active and healthy life) is on the rise in Minnesota. It is said that today's children might be the first generation not to outlive their parents because of poor health. Hunger and obesity are two issues that are connected and found in communities with food deserts where there is little to no access to fresh fruits and vegetables. These communities exist within Saint Paul in low-income areas where convenient stores and fast food restaurants outnumber grocery stores. Produce is one of the most expensive items and therefore out of reach for many families who struggle with food insecurity.

Our Solution:

Neighborhood House holds 21 Fresh Produce Distributions year-round at five locations throughout Saint Paul bringing health and wellness into areas with the greatest need. Each distribution serves up to 200 individuals and families who receive fruits and vegetables at no cost. This program gives access to healthy food to those most vulnerable in our community. Eating healthy directly affects how the mind and body function at every stage of life. It is fundamental to disease prevention and quality of life. Children and the elderly are especially vulnerable to the effects of hunger and poor nutrition. Studies show access to healthy food improves eating patterns and contributes to the overall health of a community.

How YOU Can Make An Impact:

Join Neighborhood House in bringing fresh produce to those in need by becoming a Community Partner sponsor. By sponsoring this program, your support directly pays for the fresh produce that impacts the health and wellness of our community. With 21 distributions annually at four locations throughout Saint Paul, you can participate in improving access to healthy food – giving the gift of a healthier life.
